

# Indoor Activity: Only One Chance

## Items Needed:

- Several Small Objects (2 of each one)

## Instructions:

- Prior to class, hide the objects around the room.
- Give each child a chance to find two objects.
- If they match, the child gets to try again.
- If they do not match, the child will place the items back in the hiding places and another child will take a turn.
- The child with the most items, when all of the items have been found, wins the game.
- While they are searching, talk to them about how God doesn't only give us one chance to get things right and how thankful we should be that He gives us second chances.
