

Craft: Yummy Flowers

Items Needed:

- General: Scissors, Crayons or Markers, Tape, and a Hole Puncher
- Per Child: 2-1/4 Sheets of Construction Paper (one green) and a Sucker (Dum Dum suckers work well for this)

Instructions:

- Give each child 1/4 sheet of construction paper and a sucker.
- Have each child cut the non-green construction paper into the shape of a flower and decorate it.
- When they have finished decorating the flowers, have them punch a hole in the center of the flower.
- They will put the sucker into the center of the flower and tape around the bottom of the flower.
- The sucker is the stem of the flower.
- Tell them to use green construction paper and cut out leaf shapes to tape to the sucker stick (flower stem).
